

ULTRASONIC PP CORRUGATED BOX WELDING MACHINE

MULTI-HEAD ULTRASONIC PP CORRUGATED BOX WELDING MACHINE

These machine are specially developed by Axess for manufacturing the PP Corrugated box. These can weld one or two welding spot together which make it production friendly. Axess can design frame of the machine as per customer specification like Multi Head fixed or movable. New frame developed by Axess are very robust and user friendly. Ultrasonic system used in these machines already proven. All components used in these machines are international class.

Range

Model	Output	Welding thick
AW2015PPB	20 KHz, 1500W, Single Tip	up to 15mm
AW2025PPB	20 KHz, 2500W, Single Tip	up to 30mm

Technical Specification

Output / Frequency	1.5Kw/2.0Kw 20KHz, 2.8Kw 15 KHz
Capacity	10 -15 welding stroke/ minute
Weight	320 ~ 900 Kg (approx)
Dimensions (mm)	L-1350 x W-500 x H-1950
